PROFESSIONAL EXPERIENCE

Cardinal Health, Groveport, OH (FEB, 2017 to OCT, 2021)
Logistics Coordinator

- Managed daily executions of shipments from the National Logistics Center to internal Distribution centers resulting in a 98% on time delivery metric.
- Admitted and released shipments and returns in and out of the facility in coordination with up to 7 different carriers and vendors from across the country.
- Maintained paperwork and Systems associated with arrivals and departures and documented logistics data for the business and network partners using Oracle and Office Enterprise technologies.
- Identified opportunities to improve efficiency through lean process and sigma principles resulting in a faster turnaround for deliveries and in increase in production.

Best Buy, Columbus, OH (SEP, 2018 to AUG, 2017)
Inventory Specialist

- Coordinated with vendors and suppliers to receive products and store in appropriate locations, ensuring proper control measures are met according to procedural instructions.
- Contributed with other associates to overtake the end of year sales goal by assisting customers and facilitating online purchase process using cloud technology and RF devices.

United States Marine Corps, Jacksonville, NC (AUG, 2012 to AUG, 2016)
Supply and Administration Specialist

- Performed and monitored the management and procedural application of inventory control actions using Oracle based software and Consolidated Memorandum Receipts produced from a database.
- Created reporting and accounting documentation for gain/loss transactions, consolidated memorandum receipts and all unit inventory with the highest administrative and physical accuracy resulting in low case Audits.
- Handled maintenance customers effectively by identifying needs, quickly gaining trust, approaching complex situations in an understanding manner, and obtaining solutions to maximize unit readiness.
- Executed and monitored supply chain activities with the objective of leveraging worldwide logistics, synchronizing supply with demand, measuring performance using established metrics and facilitating accountability in retail and intermediate inventory, activities and other Marine Corps units.
